U01-1-207
UNIVERSAL HD CLUTCH CABLE KIT. BLACK, BLACK FITTINGS 9mm CONDUIT, 2080mm

This high-quality universal Harley Davidson clutch cable kit includes **2080mm** of longitudinal black conduit (9mmø), **2330mm** of inner wire (2.5mmø) and selection of fittings. One end of the inner wire is fitted with a sleeve nipple (6.2mmø). The other end will need to be cut to length and the loose adjustable nipple tightened in place. The threaded adjuster is a 5/16th UNF thread of 12.7mm and is crimped on the conduit at one end. The loose ferrule can be bonded in place during the assembly with the supplied instant glue.
