

Powerhose Plus Dealer Kit - Black - PPMERB30

All the hoses and fittings you need to cover a wide range of motorbikes, quads, scooters and specials. Supplied with 30 assorted hoses ranging from 150mm to 725mm in lengths, plus a selection of the most used fittings in high quality chrome finish. You can reorder the fittings as and when required. The lines are **TUV** approved and **DOT** registered in the USA. Components are manufactured from marine grade stainless steel for long lasting use.

Fittings are black chrome plated mild steel. We can also make hoses with coloured PVC to order.

Please note:

With the exception of banjo bolts, 'Powerhose Plus' components are **not** cross compatible with the 'Powerhose' system. Additional fittings that aren't supplied in the box are required for some applications.

Powerhose Plus fittings simply screw on to the lines stainless steel 1/8 BSP swivel nuts. This allows perfect alignment when bolting to the bike!

*Box layout may vary slightly from image shown.
